

**Are you looking for information  
on how vaccination  
can protect you, your family,  
and your community?**

At the Northern Rivers Vaccination Supporters  
we are here to help.

We are a community group of parents,  
locals, and health care providers  
trying to reduce the risk of preventable  
disease in our community

Find us on Twitter or Facebook,  
or email us at [support@nrvs.info](mailto:support@nrvs.info)
